

MINIMAL COST

Volunteer abroad!

Ecoteer.com offer conservation and eco-tourism placements all over the world, including Africa, South America & Australia.

Unlike other volunteer organisations, our placements are free to encourage as many volunteers as possible.

Volunteering is often a life changing adventure.

It's a great way to see the world and experience the local culture, as well as making new friends.

Why not volunteer and research your thesis at the same time?

For more information and to view the latest placements, please visit our web site www.ecoteer.com
